

The technical drawing consists of two parts:

- Top View:** A rectangle divided into two equal horizontal sections. Each section has a width of 800. The total height of the rectangle is 500.
- Bottom View:** A larger rectangle representing the full assembly, with a total width of 1600 (two 800-unit sections) and a total height of 1250. It contains two identical door frame components side-by-side.
 - Each door frame has a width of 800 and a height of 1250.
 - Inside each frame is a square area with a diagonal cross pattern, labeled "otevíráč dveře".
 - Dimensions for the internal components are given as follows:
 - A vertical dimension of 36 is shown at the bottom left of each frame.
 - A horizontal dimension of 300 is shown below the central square area of each frame.
 - A vertical dimension of 18 is shown between the central square area and the bottom edge of the frame.
 - A horizontal dimension of 243 is shown to the right of the central square area of each frame.
 - A vertical dimension of 243 is shown to the right of the central square area of each frame.
